

CAVANOUG BELL

He, his community and family helped over 10,000 people

He also encourage other young people to make the step and change smth.

His approach: help out the Pine-Ridge-Reservation

Because of Covid-19 the food supply of local residents keep getting worser

He build the projekt Cool&Dope, where the members keep collecting food for the REZ

They use huge Trucks for the food delivering

„I believe that people can make a difference, regardless of their age. I always tell other children to look for things that make the world a better place and to take care of those things.“

His aim is to abolish social exclusion, he wants to bring the people together

His second aim is to include the indengineous people more in the society out of the REZ
